Julie,  
Attached is an article from Thursday mornings Springfield Republican quoting the Hampden County D.A.  
I am interested in your thoughts about this. I did a quick look at 2007 results:

Total samples: 8991  
Total marihuana samples: 3855  
Gross weight > than 28.35 grams: 469  
Marihuana residues: 1226  
Smoking apparatus residues not marihuana: 288

We will continue to analyze marihuana samples until policies are officially changed.  
It looks like we will be doing more pills from the Boston lab. Thanks, Jim
